SIR:

The code Statement of Reasons for Allowance included at page 2 lines 13-16 of the  
Notice of Allowance states that:

The present invention provides a new apparatus, method and computer  
readable recording medium, capable of coding a code block by three coding  
passes at higher speed with reduced time taken by the SP pass (see  
specification, page 8, second paragraph).

Applicants note that this summary of the invention section of the Applicants'  
specification is directed to a specific embodiment which cannot be used to limit the plain  
language of the claims. For example, the claims embrace "a plurality of coding passes" and  
are not limited to "three coding passes" as described at this portion of the specification.

Accordingly, Applicants respectfully request that a revised Statement of Reasons for Allowance be issued without reference to the subject matter not stated in the claims.

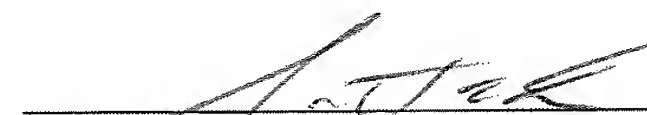

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,  
MAIER & NEUSTADT, P.C.
